

**Global Sourcing,
Local Solutions**

ARMTECH INSTRUMENT Sdn. Bhd

Your Trusted Partner in Oil, Gas, Petrochemical, Steel & Mining

Solutions

Armtech, headquartered in Malaysia, is a premier provider of industrial equipment, instrumentation, and engineering solutions across the Oil & Gas, Petrochemical, Steel, and Mining industries. With over 20 years of proven expertise, our team of highly qualified professionals is committed to delivering innovative, reliable, and cost-effective solutions tailored to meet complex operational demands

Driven by Excellence – Powered by Technology

We pride ourselves on our commitment to precision engineering, operational efficiency, and customer satisfaction. Whether supporting a refinery upgrade, a petrochemical plant expansion, a steel mill retrofit, or mining operations, Armtech offers robust and high-performance solutions designed for demanding industrial environments.

Global Partnerships with Leading Brands

Our strength lies in strategic alliances with globally recognized manufacturers from Europe, the USA, Japan, and the Far East. These partnerships empower us to deliver cutting-edge technology, ensuring maximum uptime, safety, and productivity across all projects.

Field of Activities

01

Process Packages

- Reformers
- Waste Heat Boilers
- Custody Metering Skids
- Chemical Injection Units
- Dehydration Units
- Pelletizing Systems

02

Process Equipment

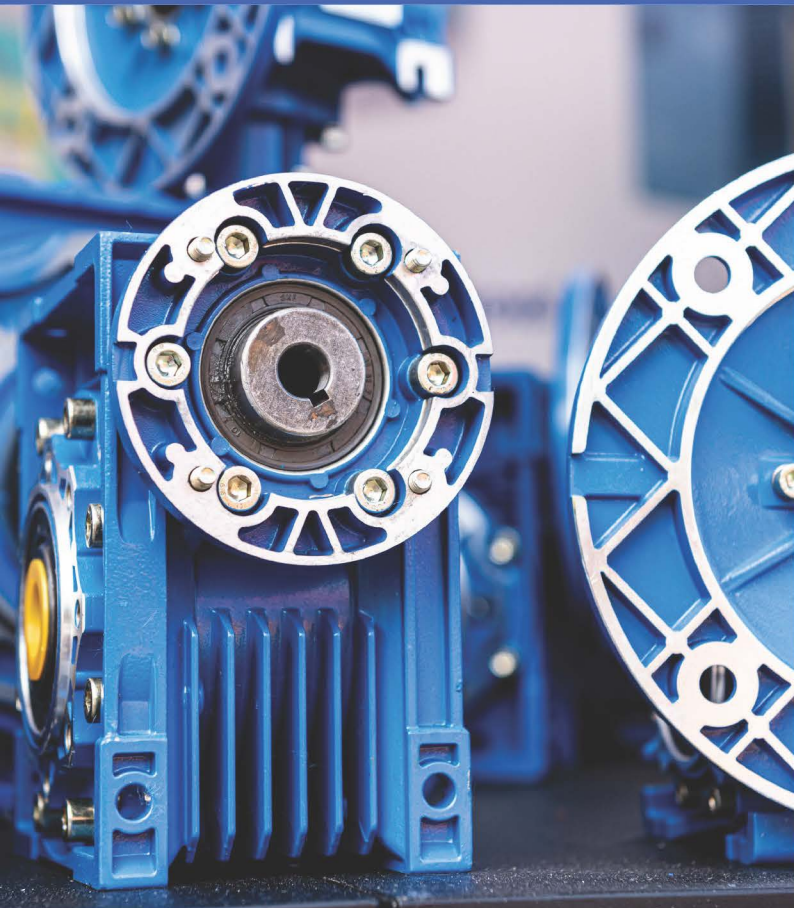

- Reactors
- Furnaces
- Special Heat Exchangers
- Pressure Vessels
- Transfer Line Exchangers
- Process Skids

03

Upstream & Mining Equipment

- Wellhead Control Panels
- HIPPS
- Drilling Drives & Spares
- Crushers
- Conveyors
- Feeders
- Heavy-Duty Motors
- VFD Systems (LV/MV)
- Belts
- Mechanical Drives

04

Rotary Equipment

- Centrifugal & Reciprocating Compressors
- Integrally Geared Compressors
- Gas Turbines & Generators
- API & Non-API Pumps
- Industrial Fans & Blowers
- Couplings & Accessories
- Balancing Systems
- Rotary Equipment Load Test Systems

05

Process Measurement & Instrumentation

- Valves: Control, Shut-off, On/Off, Safety & Relief
- Transmitters: Pressure, Temperature, Flow, Level, Density
- Gauges & Meters: Pressure, Temperature, Flow, Level
- Systems: Analyzers, PLCs, ESD Systems, F&G Detectors
- Advanced Sensors: ER/LPR Probes, Ultrasonic Gauges, Hydrogen Probes, Acoustic Emission Sensors

Why Choose Armtech?

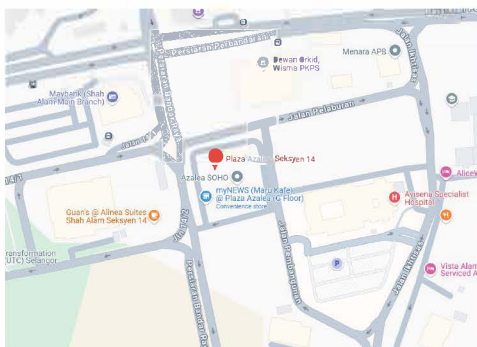

- Decades of Industry Experience – Proven track record in critical industrial sectors
- Global Brand Access – Strategic partnerships for advanced technologies
- End-to-End Customization – From design to deployment
- Cost-Effective Solutions – High performance at optimal value
- Dedicated Support – Strong technical, engineering, and after-sales services

Armtech is more than a supplier – we are a **solution partner**, helping clients **optimize performance, ensure safety, and achieve operational excellence**. Whether you're operating in Oil & Gas, Petrochemical, Steel, or Mining, **we are ready to power your success**.

Contact us today to explore how Armtech can add value to your next project.
